Dear William,

The NASUWT the teachers' union would like to congratulate you on becoming the president of FECODE and wish you well for the entirety of your union presidency.

The NASUWT would also like to recognise the outstanding work of your predecessor, Nelson Alarcón, and all members of the FECODE executive with all the threats they have faced.

The NASUWT will continue to support FECODE in their struggle for dignified labour conditions and social justice for the Colombian people, the defence of human rights and peace and a quality public education system for all.

In solidarity,

Dr Patrick Roach
